

NATIONAL NOTIFIABLE DISEASE SURVEILLANCE WEEKLY BULLETIN

The Notifiable Diseases analyses has been compiled from the Notifiable Disease Certificates received from 112 public health facilities, 101 private health facilities and 2 private labs nationally. This report has been compiled from 93% data from Epi Week 1 to 35, 2018 (public health facilities only). ***The following division is congratulated for being the best division in NNDSS reporting for this period:***

Northern Division – 98% for Epi Week 1 to 35, 2018

The Central division had the lowest rates of reporting at 89% for epi week 1 to 35, 2018. Similarly, the Western division stands at 92% and Eastern division stands at 94% reporting for the same period in 2018.

HIU urges all divisions to improve their submissions and capture of notifiable diseases as the deadline for receiving of all the notifiable diseases certificates is on a weekly basis. All outbreak situations still require routine reporting on the Notifiable Disease Certificates. The HIU draws attention to the timeliness of submissions which continues to require marked improvement from all health facilities.

The Public Health Act confers the responsibility of reporting notifiable diseases to medical practitioners:

“Notification of infectious diseases

71. (1) When any person is suffering or has died from an infectious disease; any medical practitioner attending or called in to visit such person, on diagnosing that such person suffers or has died from an infectious disease, shall send at the prescribed times to the Permanent Secretary or to the medical officer of health of the Division where such person is residing or has died, a notice signed by him in the prescribed form containing such particulars as may be prescribed.

(2) Any medical practitioner required by this section to give a notice or certificate whether of sickness or of death or of both sickness and death who fails to give the same shall be liable to a fine not exceeding forty dollars.”

Notifiable Disease Certificates should be populated with all cases of notifiable diseases, both suspected and lab confirmed cases. Please note that this edition contains some of the reports from the General Practitioners – we congratulate these GPs for their initiative and their commitment towards CD surveillance in the country:

Fiji Care Medical Centre – Suva, Hanson Building – Makoi, Rubina Medical Clinic – Nadera, Nasese Medical Centre – Nasese, Nasinu Medical Centre – Nasinu, Riverside Medical – Navua, MIOT Pacific Hospital, Al Shifa Medical Centre – Ba, Dr Y Raju’s Surgery - Lautoka, Polymedical Centre – Lautoka,

Sarada Medical Centre – Nadi, Sigatoka Medical Centre – Sigatoka, Wellcare Medical Centre – Ba, Wellcare Medical Centre – Tavua and Smart Care Medical Centre - Ba.

Please note that all other GPs are yet to report notifiable diseases: All GP's from the Northern division have not reported on any notifiable diseases for the reporting period of 2018.

We also advise all practitioners to immediately report any case of suspected emerging infectious disease to the Acting National Advisor Communicable Disease, Dr Aalisha Sahu-Khan, of the Ministry of Health and Medical Services on or report any unusual cluster or unusual presentations/events on the event based surveillance to Mr. Isireli Rabukawaqa on 3323106.

National Summary:

The national alerts for this week is for Chicken Pox and Pneumonia.

Divisional Summary:

Central Division: Alerts are for Chicken Pox and Pneumonia.

Western Division: Alerts are for ARI, Chicken Pox, Diarrhoea, Fish Poisoning and Pneumonia.

Northern Division: Alerts are for Chicken Pox and Fish Poisoning.

Eastern Division: Alerts are for Fish Poisoning and Gonorrhoea.

****All subdivisional alerts are highlighted for viewer information***

Compilation Team:

- **Compilation & Analysis of Bulletin : Ms Anjana Deo (Statistical Officer) & Dr Devina Nand (Director Epidemiology)**

Please inform us if there are possible communicable disease events of unusual occurrence at your facilities so that proper investigations may ensue.
