

to the above conditions and other instructions of health teams to ensure COVID-19 Safe measures. Failure or breach of any of the conditions shall result in prosecution and fines up to \$10,000 or 5 years imprisonment.

For medical emergencies or if symptoms of COVID-19 develop please call the Northern Division 2219908. If you wish to talk to someone and feeling depressed whilst in quarantine, please call Empower Pacific on 7765626/2937141.

Should the doctor deem it necessary to retrieve you to hospital for a proper assessment, you are required to take adequate personal belongings from your home upon leaving.

For further information, please enquire by calling the COVID-19 hotline on 158.

IMPORTANT

Travelers must obtain a Pass before purchasing their ticket to board a vessel or aircraft. All passes will be issued by MoHMS in consultation with the of the Commissioners (Central, Eastern and Western Divisions).

Travelers must be fully vaccinated and Transport Service Providers must ensure that travelers produce evidence of being fully vaccinated.

Travelers must provide confirmation or evidence of location for mandatory seven (7) days quarantine (Home Based Quarantine or Facility Based Quarantine). Travelers may need to bear some cost for meals during quarantine. For those who prefer to do Home Quarantine, they must provide a Statutory Declaration to ensure compliance with the COVID safe measures.

PROTOCOLS FOR TRAVEL TO VANUA LEVU

Quarantine Protocols

All travelers to Vanua Levu will require a mandatory quarantine period of 7 days.

- Travelers may select from an option of home-based quarantine in their respective home or at a MoHMS designated facility.

Information for travel applicants

- All travelers must register for domestic repatriation.
- Registration can be carried out by phoning 163 OR the MCTTT Facebook Page OR via email domesticrepatriation@mcttt.gov.fj
- The following information is required for registration:
Name, Age, Gender, Contact (Phone and Email), Current Address, Permanent Address, Confirmation for quarantine preference (Home-based or Facility-based quarantine), Vehicle Details and registration, Vaccination Information, Mode of travel to Vanua Levu
- Travelers may also access the link below to complete an online registration form.
<https://forms.gle/JjhuwDBQvczBMaTZ6>
- MCTTT will issue a registration number as traveler reference. This registration number will also be used as the reference number when applicants take a swab test.
- The Commissioners Office at the place of application will inform applicants the approval to obtain a MoHMS endorsed Swab Test. This swab test will be required 72 hours before the planned date of travel.

If applicants receive a positive COVID-19 Swab Test, their application will not be processed further.

Applicants who return a negative test result will have their pass administered by the relevant Commissioner's Office in the Western, Central or Eastern Division. The passes when ready can be collected from either the Commissioner's Office or Divisional Medical Office in the Division where the application was lodged.

Applicants are reminded that swab test processing can take up to 48 hours before results are available.

- Once a travel pass has been issued, the traveler may proceed to purchase their travel ticket from a MoHMS approved travel service provider.
- Prior to their departure, travelers must make arrangements to transit through a safe travel corridor to quarantine at their respective home or at a MoHMS designated quarantine facility.

A safe travel corridor refers to non-stop direct travel from point of arrival (wharf, airport) to the travelers quarantine destination (home quarantine or facility quarantine).

Further queries on obtaining a pass can be made by phoning 3457190 between 8am – 9pm weekdays or via emails on ccdrepatriation@gmail.com or covidpassmoh@gmail.com or by phoning 158.

Guide for travelers in quarantine at their respective residences

1. A person under quarantine should stay in their home and have contact with as few people as possible.
 - a. Quarantined individuals must not leave their home at all during the 7-day quarantine period except for a medical emergency.
 - b. Quarantined individual must not attend school or work with other people.
 - c. Quarantined individual must not attend any gatherings, whether it concerns their work, family or social life.
 - d. Quarantined individuals must not visit fitness centers, swimming pools, theatres, cinemas, shopping malls, or other places where people come together. This includes shared pools and fitness centers within the accommodation of flats/residence in which quarantine is being undertaken.
 - e. Quarantined individuals should not welcome guests in the home during quarantine.
 - f. Quarantined individuals can go out to a balcony or a private garden and maintain 2 meters distancing if there are other people there.
 - g. Quarantined individuals can go for a walk within the confines of the perimeter of their homes.
 - h. Quarantined individuals can take out domestic trash, but need to consider hygiene, such as hand washing before and after opening trashcan and preferably wipe handles with 70% alcohol or other disinfectants containing hypochlorite after contact.
 - i. Quarantine individual must not share items with family members and should refrain from consuming kava and alcohol during quarantine period.
 - j. Quarantine individual should launder his/her clothing separately from other family members and sanitize all contact surfaces used during and after the process.
 2. Others exposed in the same household at the same time can be quarantined together in the same place.
 3. It is preferred that individuals in the household that have not been exposed, not be in the same place as the quarantined person.
 - a. If family members of the quarantine individual(s) want to leave the household, they should limit contact with the quarantined person as much as possible (at least the quarantined person should have her/his own bathroom, sleep in a private bedroom or at least a separate bed). If the quarantined individual then falls ill, the other household members must be quarantined.
 4. Contact with other people must be strictly limited. Therefore, a quarantined individual will need to make arrangement for necessities before seeking approval to travel.
 5. It is important to practice routine hygiene measures to reduce the risk of infection.
- The individual (s) who seeks domestic repatriation shall be liable to adhere
