### Key Responsibilities

The position will achieve its purpose through the following key responsibilities.

1. Implement activities of the Sub –Division by working effectively with the SDMO and adheres towards a positive collegiate relationship.
2. Undertake clinical responsibilities in the hospital and on outreach, by being actively involved in patient care, available for consultation and liaison with other units and referring hospitals, maintaining appropriate records and confidentiality, to ensuring best practice care to obtain best possible outcomes whilst promoting and maintaining client focus.
3. Participate in peer reviews and implement the monitoring and evaluation of Sub Divisional activities to ensure corrective measures are undertaken to provide effective and efficient services.
4. Responsible for the implementation of public health programs and activities at operational levels within the Subdivision.
5. Identifying and minimizing risk at a systematic level through effective communication and management skills to contribute to improved clinical governance, overseeing the provision of medical reports, medico-legal assessments and expert opinion under the guidance and directive of the SDMO and DMO.

6. Undertake education, teaching and research activities to train coach, mentor and support staff, students and other stakeholders; be responsible for personal continuous professional development and be a health advocate.

### **Key Performance Indicators**

Performance will be measured through the following indicators:

1. Implement activities of the Unit/SD according to the plans and working effectively with the Team adhering towards a positive collegiate relationship.
2. Undertake clinical/PH responsibilities in the hospital and on outreach to obtain best possible outcome and maintain client focus.
3. Monitor and evaluate activities of responsible areas to provide effective and efficient services and ensure corrective measures are undertaken to improve clinical governance.
4. Undertake education, teaching and research activities for personal continuous professional development and be a health advocate.

### **The Person**

In addition to a Postgraduate Diploma qualification or equivalent in the field of specialty, the following knowledge experience, skills and abilities are required to successfully undertake this role:

### **Knowledge and Experience**

1. Knowledge and application of evidence-based standards of safe practices in Public Health including epidemiology, preventative medicine, primary Health care and rehabilitation.
2. Awareness with some understanding of medical and government legislation, public health and health related policies and medico-legal compliance.
3. Understand the concepts/tools used in clinical leadership, public health service management, audits, research, monitoring and evaluation and clinical governance.
4. Experience working in a secondary health care hospital with limited resources and competent in teaching and training staff.
5. Experience in resuscitating patients with life-threatening emergencies and subsequent management of critically ill or injured patients, initiating and participating in an emergency response, and supporting team members and relatives of very sick patients.

### **Skills and Abilities**

1. Good Clinical and Public Health Skills including Procedural skills including research.
2. Good communication skills.
3. Good organizational skills.
4. Ability to work within a multidisciplinary team, work under pressure in a resource constrained environment/facility and can cope with adverse outcomes.
5. Able to recognize and assist in solving complex medical problems using evidence-based approach and offer clinical and public health opinion on a range of problems in the subdivision, showing some independent responsibility with guidance from SDMO and Specialists.
6. Demonstrated ability in organizing professional development activities (conferences, meetings and workshops), personal development and learning new skills.

### **Selection Criteria**

1. Intermediate Public Health and Clinical competence and should have extensive experience in leading a public health team.
2. Effective officer who can supervise a unit to maintain patient safety and quality of care.
3. Highly effective oral and written communicator.
4. Demonstrated ability to collaborate with Stakeholders and Health Advocates.
5. Able to train, mentor and support research.
6. A professional who demonstrates the highest values and ethical practice.

**Personal Character and Eligibility**

Applicants for employment in the Ministry of Health & Medical Services must be of good character, with a background that demonstrates their commitment to the Civil Service Values contained in the Fijian Constitution. Applicants must also be Fijian Citizens, under age of 55, in sound health, with a clear police record. The selected applicant will be required to provide a medical certificate and police clearance prior to take up of duty.

The Ministry is an Equal Employment Opportunity employer. Applications are encouraged from all eligible, qualified applicants. All applicants must address the specific knowledge, experience, skills and abilities required of the job, as these criteria will be considered in assessing the relative suitability of applicants.
