

PUBLIC NOTICE TO ALL PUBLIC

NATIONAL REGISTRATION THE GOVERNMENT OF FIJI FREE MEDICINE PROGRAM

One of the Fiji Government's top priorities is to provide price controlled medicines free of charge to all Fijians who earn less than \$20,000 a year. Accordingly, the 2015 Budget announced by the Attorney General and Minister for Finance allocated \$8.0 million for the Free Medicine Program ('Initiative').

Who is eligible?

Individuals who can benefit from this Initiative are individuals with an annual income of less than \$20,000.

Fijians who intend to be part of this Free Medicine Program are required to have a Tax Identification Number ('TIN') which will be the primary form of screening income eligibility.

Who does not have to register?

Individuals who already have a TIN number, Social Welfare number or Health ID are not required to register as they would already be included in the program.

Current social welfare recipients of Poverty Benefit Scheme, Child Protection Allowance, Social Pension and Bus Fare subsidy do not need to obtain a TIN but can use their existing welfare ID Cards for this purpose.

How to register

For this reason, Registration Forms will be available in the following areas during business hours:
