Location:	Savusavu Hospital
Division:	Northern Health Services
Reports to:	Divisional Medical Officer – Northern
Subordinates:	All staff within the Savusavu Hospital and Cakaudrove Sub-Division

Overview of the Unit

The Sub Divisional Health Services provides a comprehensive range of public health and primary care services to a population defined in the geographic Medical Area. Public Health Services comprise of activities aimed at improving health and prolonging life of the population through health promotion, disease prevention, rehabilitation and other health interventions. Primary Care Services are mostly clinical primary care outpatient services with special emphasis on preventative care.

The Position

The position supports and assists the Divisional Medical Officer and is responsible for the administration and delivery of high quality primary care services and public health services, including health programs such as Family Health, Non Communicable Diseases, Control of Communicable Diseases, Food and Nutrition, Environmental Health, Oral Health, Health Promotion and Wellness in the geographic subdivision, under the responsibility of the Chief Medical Advisor.

Key Duties

The position will achieve its purpose through the following key duties.

1. Provide assistance to promote the interest and development of the Subdivision through strategic planning, ensuring cohesion of the overall functions of the Subdivision by working effectively with the Divisional Medical Officer and adheres towards a positive collegiate relationship.
2. Undertake clinical leadership and responsibilities for all health facilities in the subdivision and on outreach, by being actively involved in patient care, available for consultation and liaison with other units and referring hospitals, maintaining appropriate records and confidentiality, to ensuring best practice care to obtain best possible outcomes whilst promoting and maintaining client focus.
3. Facilitate peer reviews, monitor and evaluate Subdivisional activities and implement corrective measures to provide effective and efficient services.
4. Responsible for the implementation of public health programs and activities at operational levels
5. Identifying and minimising risk at a systematic level through effective communication and

management skills to contribute to improved clinical governance, overseeing the provision of medical reports, medico-legal assessments and expert opinion.

6. Undertake education, teaching and research activities to train coach, mentor and support staff, students and other stakeholders; be responsible for personal continuous professional development and be a health advocate.

Key Performance Indicators

Performance will be measured through the following indicators:

1. Provide assistance to promote the interest and development of the Unit /Subdivision using the plans agreed to by the MS/DMO and HOD for clinical specialty.
2. Undertake clinical/PH responsibilities in the hospital and on outreach to obtain best possible outcome and maintain client focus.
3. Monitor and evaluate activities of responsible areas of Unit plans to provide effective and efficient services and ensure corrective measures are undertaken to improve clinical governance.
4. Undertake education, teaching and research activities for personal continuous professional development and be a health advocate

The Person

In addition to the following knowledge, experience, skills and abilities, the applicant must have: A Masters degree in the field of specialty or equivalent qualification AND a Registered Specialist by the Fiji Medical Council; **OR** A Masters degree in the field of specialty or equivalent qualification AND a Registered Specialist in another country that would be recognized by the Fiji Medical Council; **OR** If not registered as a Specialist, the Applicant must have a Masters degree in the field of specialty or equivalent qualification with two years post Masters experience and/or be confirmed as qualifying to be recognized as a Specialist by the Fiji Medical Council.

Knowledge and Experience

1. Strong knowledge of evidence-based standards of safe practices in Public Health including epidemiology, preventative medicine, primary health care and rehabilitation.
2. Understanding of medical and government legislation, public health and health related policies, and medico-legal compliance.
3. Broad understanding of concepts/tools used in clinical leadership, public health service management, audits, research, monitoring and evaluation and clinical governance.
4. Specialized training and clinical experience in Public Health.
5. Experience working and managing a secondary health care hospital, managing a subdivision with limited resources and confident and competent in teaching and training staff.
6. Experience in resuscitating patients with life-threatening emergencies and subsequent management of critically ill or injured patients, initiating and participating in an emergency response, and supporting team members and relatives of very sick patients.

Skills and Abilities

1. Excellent Clinical and Public Health Skills including Procedural skills.
2. Excellent communication skills.
3. Strong organizational skills.
4. Ability to work within a multidisciplinary team, work under pressure in a resource constrained environment/facility and can cope with adverse outcomes.
5. Able to analyze and solve complex medical problems using an evidence-based approach and offer clinical opinion on a range of problems in the relevant Specialized field of Medicine, showing some independent responsibility without direct supervision.
6. Demonstrated ability in organizing professional development activities (conferences, meetings and workshops), personal development and learning new skills.

Selection Criteria

1. Public health and Clinical expertise at the level of Specialist and should have significant depth of experience in Public Health.
2. Effective manager who can supervise a Subdivision to maintain patient safety and quality of care.
3. Highly effective oral and written communicator.
4. Demonstrated ability to collaborate with stakeholders and Health Advocates.
5. A leader experienced in training, mentoring, coaching and supporting research.
6. A professional who demonstrates the highest values and ethical practice.

Personal Character and Eligibility

Applicants for employment in the Ministry of Health & Medical Services must be of good character, with a background that demonstrates their commitment to the Civil Service Values contained in the Fijian Constitution. Applicants must also be Fijian Citizens, under age 60, in sound health, with a clear police record. The selected applicant will be required to provide a medical certificate and police clearance prior to take up of duty.

The Ministry is an Equal Employment Opportunity employer. Applications are encouraged from all eligible, qualified applicants. All applicants must address the specific knowledge, experience, skills and abilities required of the job, as these criteria will be considered in assessing the relative suitability of applicants.

VACANCY MOHMS 89/2025
