

FIJI JOURNAL OF PUBLIC HEALTH

GENERAL CALL FOR PAPERS

The Fiji Journal of Public Health is a Fiji based journal published for public health practitioners, public health researchers, clinicians and all allied health practitioners and for Fijian community at large.

Our goal is to provide evidence-based information and analysis they need to enable them to make the right choices and decisions concerning their health and health services provided to ensure better health for all.

We seek to publish articles on public health issues in Fiji ranging from child health, maternal health, neglected tropical diseases, non-communicable diseases, wellness initiatives, environmental health, climate change, disaster management and emergency health, biomedical research, social-economic research, health determinants, and health systems research, health policies, health reforms, health information, human resources for health, health related policies, health finances, operational and implementation research in health, etc.

Submissions on other topics are also welcome as long as they relate to public health issues.

We are now accepting submission for our volume 2, issue 2 edition 2026.

Submissions are due 11 September 2026.

We would accept papers/articles in the form of Original Research, Abstracts, Opinion pieces, Field Notes, Perspectives, Policy pieces (Policy papers/Policy Briefs).

Please refer to the Instructions to Authors for more information on Submission requirements.

For any further questions regarding submissions, email the Editorial team on fijihumanhealthresearch@gmail.com
